Continuing Education

18.5 Continuing Education credits are provided.

Audience

The training is appropriate for all members of multidisciplinary eating disorders treatment teams including mental health professionals (Psychologist, Social Workers, Counselors, Marriage and Family Therapists, Creative Art Therapists), medical providers (MD's, Psychiatrists, Nurses), Dietitians, Occupational Therapists, treatment program staff and adjunct providers such as yoga therapist. This training is also applicable for the same professionals who work with common co-occurring disorders such as addiction, mood disorders and trauma which arise from the same mind/body/spirit constellation that gives rise to eating disorders.

There is no known commercial support or conflict of interest for this program.

INTRO TO EMBODIED RECOVERY FOR EATING DISORDERS IN TUCSON APRIL 26-28 2024
